Receipts Very Good, and Quality Average.

TO TOPS

Cattle Steady, Light Supply and Moderate Quality.

The Wichita hog market yesterday was a full five cents higher. The supply of hogs was quite satisfactory, and although not nearly so large as was desired by the buying element, it was nevertheless ahead of the day previous and better than oMnday in point of receipts. The run was all that was expected, but it mostly came in beef steers \$1.000,000; medium storquise; beef steers \$1.000,000; medium storquise; beef steers \$1.000,000; medium storquise; bulk of the business, as taiquite usual of late, was transacted on the close. The wagon and lucal trade was light, in fact. There was a 15094.55; calves \$4.0005.75; western fed steers \$4.00 and lucal trade was light, in fact. smaller than was estimated, and below the average supply for the past week or the average supply for the pust week or more, Monday excepted. This light line of hogs in this branch was nearly all received before noon, along with several of the best loads of car stuff. All these offerings were summarily snapped up by those wanting hogs, the Dold Packing company especially being very keen to to secure all hogs of a fairly good butcher grade. The seven cars of hoss received grade. The seven cars of hogs received by consignment were yarded toward the close, and promptly bid for, the deal closed, and the hogs run through. The quality of the hogs offered yesterday, while not tempting or especially choice at all, was still very fair on the whole. The average weight was five pounds better than on the day before, and the latter weight of 234 pounds was considered good, while the 238 pound weight of yesterday was just that much better. The run yes-terday was so far the best this week, but below the same day last week, which was the heaviest day for all the week. Though the receipts were good the day before, the demand was strong yesterday and all the hogs offered were at once taken, and more good fat butcher stock would have been equally readily absorbed. The tops were \$3.70, not only the heaviest price for this week, but for some time past. Most of the hogs were received late, but all those arriving by daylight were promptly taken care of, weighed up, and sold. There were three cars received late after the bulk of the day's business was dons, and too late for inspection and sell-ing. These were yarded and fed and will be transferred early this morning. There were very few skippy and coarse hogs received, about all the supply coming withwhich sold without dock.

# WINE OF CARDUIX

# A Sure Medicine.

HANDSOM, VA., Dec. 31.

I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else.

MRS. CAROLINE EVANS.

# Wine Gardul

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the socalled cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is

rapid and future health is assured. The Wine is purely LADIES' ADVISORY DEPARTMENT. vegetable, being made of For advice in cases requiring special directions, address, giving as mytoms. Ladies' Advisory Department,
The Chattaneoga Mediclas Co.
